In the Matter of:

MOTION TO ADJUST RATES IN ACCORDANCE)
WITH PURCHASED GAS ADJUSTMENT CLAUSE) CASE NO. 7059-W
OF JOHNSON COUNTY GAS COMPANY, INC.)

O R D E R

On November 17, 1978, the Commission issued its Final Order in Case No. 7059, approving certain rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased.

On December 11, 1980, the Applicant, Johnson County Gas Company, Inc., notified the Commission that its wholesale cost of gas would be increased by its supplier, Kentucky-West Virginia Gas Company, effective January 1, 1981, and submitted with its notice certain information in compliance with this Commission's Order of November 17, 1978. The notice set out certain revisions in rates which the Applicant proposed to place in effect, said rates being designed to increase the cost of natural gas of its supplier.

The amount of the increased cost of gas to the Applicant will be \$233.35 on an annual basis.

On November 9, 1978, the President of the United States signed into law the Natural Gas Policy Act of 1978, which established significantly higher rates for producers of certain categories of natural gas. This federal legislation has resulted in higher costs to interstate pipeline companies serving the various gas consuming states, including Kentucky. Once the FERC approves the right of these interstate transmission companies to pass this increased cost on to its distribution company customers, state commissions must, in turn, allow intrastate distributors to pass their increased costs on to their customers by adjusting the basic rates.

After reviewing this evidence of record and being advised, the Commission is of the opinion and finds:

1. The Commission has long stated (in writing to FERC) its opposition to the procedures and regulations used by the Federal Energy Regulatory agency in approving these supplier

increases. We continue to be opposed and are continuing to seek alternative ways to overcome the regulatory inequities which have such a direct impact on the retail consumers.

2. The FERC approval of a wholesale rate increase to a Kentucky gas retailer requires approval of the Commission of rates that will permit the Kentucky utility to adjust its customer charges to reflect the added purchase cost, or alternately, the utility must absorb the added cost. We are of the opinion that failure to allow this increase to be passed through to its retail consumers on a timely basis would be unjust to the Company and would ultimately result in higher rates to their consumers in any event.

3. When the FERC "accepts" Kentucky-West's filing and makes it effective, Kentucky-West will begin charging the Applicant the new rates. This order cannot be implemented until and unless this occurs.

4. That the Applicant's supplier, Kentucky-West on November 24, 1980, filed with the FERC for increased rates to become effective January 1, 1981, and that the increase sought by the Applicant reflects Kentucky-West's rates as so filed.

5. That the Commission should allow the Applicant to place into effect, subject to refund, the rates set out in Appendix "A" as soon as the Kentucky-West filing is made effective by FERC.

6. That the Applicant's adjustment in rates under the Purchased Gas Adjustment provisions approved by the Commission in its Order in Case No. 7059, dated November 17, 1978, is fair, just and reasonable and in the public interest and should be effective with gas supplied on and after the date the increased cost of wholesale gas becomes effective.

IT IS THEREFORE ORDERED that the Purchased Gas Adjustment sought by the Applicant as set out in Appendix "A" attached hereto and made a part hereof, be and the same, is hereby approved to be effective, subject to refund, with gas supplied on and after the date the increased cost of gas becomes effective ("acceptance" by FERC).

IT IS THEREFORE ORDERED that for the purpose of the future application of the Purchased Gas Adjustment Clause of the Applicant, the base rate for purchased gas shall be:

	<u>Commodity</u>
Kentucky-West Virginia Gas Company	\$ 1.2685 per dth

IT IS FURTHER ORDERED that Johnson County Gas Company, Inc., shall maintain its records in such manner as will enable it, or the Commission, or any of its customers, to determine the amounts to be refunded and to whom due in the event a refund is ordered by the Commission.

IT IS FURTHER ORDERED that within thirty (30) days after the date of this Order, Applicant shall file with this Commission its revised tariff sheets setting out the rates approved herein.

IT IS FURTHER ORDERED that the information furnished this Commission by Applicant on December 11, 1980, constitutes full compliance with the Commission's requirements and Order in Case No. 7059, and any other information ordinarily required to be filed under the Commission's regulations is hereby waived.

Done at Frankfort, Kentucky, this 17th day of February, 1981.
